THE BRIDGE

MACON COUNTY HIGH SCHOOL

Montezuma, Georgia

Volume IX 1968

FOREWORD

Almost a decade ago Macon County High School was established. During the next years, students and teachers came and went, each adding his own special touch. By 1966 the young school had out-grown its building, — the year of the “big move” had begun. With this new spacious plant, what else could be needed! Yet, the spirit of growth at M.C.H.S. was still burning brightly. Last fall the buzz of saws and the bang of hammers could still be heard above the chatter of the students. These were the sounds of the building of four new class rooms, a band room, a choral room, and new porticoes.

The staff of the 1968 BRIDGE is proud to present a portion of the continuing story of Macon County High School's growth.

The Class of '68

Dedicates

The 1968 Bridge to

Burgoyne Gibson Moores because

We love, respect and admire him. The Macon County Revel Bands, under his leadership and direction, have done more to unify Macon County and ease existing tensions than any single factor in the last eight years. We at Macon County High are proud of Mr. Moores and we are proud of OUR band. His superb techniques, diligence and understanding have produced for us the best high school band in Georgia.

A Word from Mr. Centers

Working with the faculty and students at Macon County High School to provide a quality education program is a real pleasure. We are continually looking at student needs and making adjustments in our curriculum. Much of our success can be explained in terms of new facilities, dedicated teachers, and enthusiastic, ambitious students. Let us not forget that community interest and cooperation are the foundations on which we build a good school program.

Paradoxically man is never vainer than when
assessing his humility; never weaker than when
flouting his strength; and never more wrong
than when sure he is always right.
